DANVILLE BICENTENNIAL COMMITTEE

There have been no formal Bicentennial Activities in Danville during 1977.

All final State and National Reports have been made.

The Bicentennial Committee gave a contribution to the Conservation Commission to help with the flowers that were planted in the Spring.

Three (3) new Grave-stones will be put up in "Ye Olde Cemetery" to replace three (3) broken stones, sometime next year.

The Danville Bicentennial Commemorative Plates have been given to the two Historical Societies in Town, The Village Improvement & Old Red School House Historical Society and Hawke Historical Society.

RECREATION COMMISSION

During the past year, the Recreation Commission sponsored a volleyball and softball program, coordinated the Summer Recreation, and ran a Halloween party and dance.

Much of our time, however, was in planning for the coming year. We propose a full time Recreation Director, either under C.E.T.A. or through work-study at U.N.H. Such a director would allow an after-school youth drop-in program, as well as a full summer schedule.

We plan to re-surface the ball field this Spring and provide definite plans for skating next winter. More important, we would like to expand "recreation" to include the whole town, to help maintain our sense of community as we face what appears to be significant population growth.

PAUL GUSTAVSON
Recreation Commission

TOWN FOREST

Many people in and out of Town have bought wood in the Town Forest this past year.

The P.U.C. has finished their cut across town land, wood in tree lengths is available at $5.00 per cord.

MELTON R. SANBORN

CIVIL DEFENSE

Much of the Civil Defense Funds were used on repairs of the 6 x 6 and Dozer this year.

I was able to acquire a 3/4+ Dodge pick-up to be used for Forest Fires. This, after an 18 hour trip to and from Bayonne, N.J., by Frank McIntyre, Mark Caldwell and myself.

CEMETERY SEXTON AND TRUSTEES

Several new lots have been sold in the Old Meeting House Cemetery. More fill is needed in the back section this coming year.

The Youth Corps did a good job mowing and trimming during the summer.

New lots are available at $25.00 per grave for residents, and $50.00 for non-residents.

POLICE DEPARTMENT

The year 1977 has seen a national increase in crime and motor vehicle violations. Part of this increase is due to the increased numbers of vehicles and increased population. Even in as small a town as Danville the impact is felt. In addition to these increases we are experiencing a decrease in some things, such as concern for other peoples lives and property and responsibility toward family and community. This combination of increase and decrease contribute greatly to the problems which confront today's law enforcement departments.

Danville has experienced an increase in serious crime, but the percent of that increase has not been exceptionally high in comparison to other areas. However, other matters which law enforcement is called on for, have certainly increased. These include, family and neighborhood disputes, vandalism, information, delivering messages, emergency calls, motor vehicle violations, dogs and other animals, etc. Then, there are the special events that used to come occasionally and now occur more often. Sometimes there are several events at one time at various locations, requiring police for the event or traffic control relative to the event.

For many years members of this department have donated their time for such things as church duty, youth dances and other non-profit organization events. The increase in demands in this area means a great deal of time is being donated.

Our aim has been to maintain the best possible protection for the least possible cost and still provide the same type of department that will take the time to provide the friendly concern and communication that are no longer available from many other departments.

At this time we wish to thank all those who have been considerate and helpful during the past year. It is only through community cooperation that we can serve best.

CLYDE E. GOLDTHWAITE, Chief
Danville Police Department

PLANNING BOARD

In 1977 the Planning Board was presented with nine subdivision requests, and acted favorably on eight of them.

We placed on the 1977 Town Warrant seven amendments to the Zoning Ordinances and Land Control Subdivision regulations.

As in 1976, this year has been very active for the Planning Board. While this region of the State continues to grow, we may expect a continued influx of subdivisions and new housing. In anticipation of this growth, work was initiated, in 1977, on a Master Plan for the Town. This plan should provide the road-map for the future of Danville.

We hope that as the plan evolves during 1978, we will have the opportunity of discussing the future of Danville with every resident. Your views and participation in town planning is solicited and will be greatly appreciated.

DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA224).

The Director, Division of Forest and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of 1/4 of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

CONSERVATION COMMISSION

We have attended the Planning Board meetings and worked with them with "on site" inspections of proposed subdivisions. Our emphasis has been on proper drainage to avoid polution through location of septic systems and location and size of culverts under new roadways to prevent flooding and soil erosion.

Objections were presented to the Special Board of the Water Supply and Pollution Control Commission in Concord against the Dredge and Fill permit for Lot 4 of the O'Leary subdivision in South Danville. The Board issued a 30 day intervention, inspected the area and stipulated that filling go no further than the 196 ft. contour.

Eight flower beds were planted around town, the major portion of the money for this coming from the Bicentennial Commission.

We supported the public forums concerning "The Future Of Southern N. H. Waters." Three slides from the Danville area were included in the presentation.

COLBY MEMORIAL LIBRARY

We have had another good year with many new borrowers registered.

The Town and School Reports and some old histories were bound.

State Library Bookmobile made three visits to leave books to augment our collection. Books were borrowed from the State Library in Concord and from libraries around the state through Inter-Library Loan. We honor and issue the Statewide Borrowers Card to any adult resident who has been a borrower in good standing for at least six months.

In June, Story Hours for 3, 4 and 5 year olds were well attended. Mrs. Marion Ervin was story teller. Also in June, Mrs. Peter Himot resigned because she moved out of town. Mrs. Robert Wilson was appointed Assistant Librarian.

The paperback section was increased by gifts of books and a new book rack. The first section of steel shelving was installed.

The Librarian and her Assistant attended several work-shops, conferences and book discussion groups.

The interest of friends who donate their time, money, books, magazines and puzzles each year are very much appreciated.
